

PREPARING NEW DRIVERS FOR THE ROAD AHEAD

ThinkFirst!
For Parents of **TEEN DRIVERS**

ThinkFirst for Parents of Teen Drivers is a virtual 90-minute evidence-based traffic safety program to educate parents on Michigan's GDL law. Supported by a grant from General Motors, ThinkFirst has partnered with the Michigan State Police, the Office of Highway Safety Planning, Secretary of State, and several Michigan hospital trauma centers.

The goal of the program is to reduce new driver crashes and the resulting injuries and fatalities by increasing parents' awareness and enforcement of Michigan's GDL law.

AT THE END OF THIS PROGRAM PARENTS WILL:

- have an increased awareness of teen driving risks
- have a greater understanding of Michigan's GDL law
- have the tools to monitor and enforce GDL compliance with their teen
- understand the importance of being a positive role model
